

Wedding Portfolio

This is your day and we thank you for considering Miraglia Catering to be a part of it.

Whether your vision is traditional or contemporary, casual or elegant, small and intimate or for hundreds of guests, bringing together all the elements that will make your wedding reception extraordinary is one of Miraglia's professional talents. Every detail from menu, china, linens, budget and more will be discussed to ensure that your expectations are not only met but exceeded.

When it comes to menu, two of the essential ingredients that differentiate caterers with excellent food from the mediocre: [1] caterers that serve cuisine prepared from scratch (at Miraglia even our stocks are from scratch) and [2] caterers that cook or finish off the menu on site (we do this even if we have to bring the ovens to you!)

Besides serving delicious food artfully presented, Miraglia has the experience, equipment, creativity, and professionalism to transform your dreams into a memorable occasion. We will work closely with you to develop a distinctive menu and service to reflect your personal tastes and vision. And then on your wedding day, we will pamper your guests and allow you to relax and celebrate with family and friends.

On this special day of promise and new beginnings, we hope you will choose to rely on the caterer who has kept its promise to clients for over sixty-eight years: Miraglia Catering. We look forward to working together to make your special day an unforgettable celebration.

Special Dietary Requests:

We can accommodate guests with dietary restrictions such as Vegan, Vegetarian, Dairy Free or Gluten Free and would be happy to help you with your selections.

Food or Nut Allergy:

Please note that for severe allergies with potentially anaphylactic reactions, we cannot guarantee full omissions of the ingredient. This is due to physical constraints of our own facility and that of our suppliers where that ingredient may be present within the production environment.

First Impressions

A variety of mouth watering "first impressions" can be passed on trays to welcome guests to the reception. Your selections will be artfully displayed on garnished trays and circulated by our friendly and professional staff. Generally, a combination of two hot and two cold items works well for a one hour period.

A TIP: Choose your dinner menu first and then build an hors d'oeuvre combination that complements your meal, keeping an eye on flavor and variety. For example, select only one crostini or one crab item, and include something for vegetarians.

Stationary hors d'oeuvre presentations such as a fruit, cheese, and crudité table or a bruschetta bar are also available and generally run between \$6.00 and \$8.00 per guest.

Design Your Own Menu

We suggest that you start with the selection of your entrée(s) and then build from there. For a seated meal, you would select one salad, one starch and one vegetable to complement the entrée. On buffets, there are typically one or two salads and two to three sides. If one of the entrees is not a vegetarian choice, we suggest that at least one of your sides be a vegetarian dish that most guests will eat as a side but your vegetarian guests can enjoy as their main entrée (i.e. penne with pesto cream sauce, tortellini with tomato basil cream sauce, etc.)

Have questions or need suggestions? We would be happy to help!

All of the menus include bread and butter as well as coffee and tea.

Estimated Pricing Summary

Since catering generally is the single biggest part of a wedding budget, the burning questions are often not only "How much does it cost?" but also "How does it break out and where could we trim costs?" These ballpark estimates are meant to demonstrate the wide range of choices within your catering budget. Obviously, menu is a large component but there is a wide variety of options within other aspects such as linen, china rentals, bar service, and staffing (buffets typically require fewer staff than seated or family style dinners).

Miraglia Catering will work with you to help design a menu and service to meet your budget.

Although we will work with you in meeting your specified budget, the following rough estimates are provided to help you with the budget process as we know that for many, this is the first time in planning an event of this scale. We would be happy to make recommendations to help you best maximize your budget dollars.

These estimates are based on a 4 to 5 hour reception for 100 or more guests.

Bar Services

Miraglia Catering holds a wine and beer license which means that you can purchase our wine, beer and champagne by the case. We would be happy to share our beverage list with you.

If you would prefer to supply your own liquor, you may certainly do so and arrange for bar equipment and bartending through us. We recommend one bartender per 100-150 for a wine and beer bar and one bartender per 100 for a hard liquor bar.

We would be happy to provide a quote based on your beverages, number of guests, and duration of service.

The Steps Forward

1. Book venue first.
2. Select menu and review ballpark pricing pages in this packet.
3. Brainstorm/general info exchange. If you're available during regular business hours for a meeting, great. If not, we'll work by phone and email. To get a customized ballpark or formal proposal, we need the following information:
 - Venue.
 - Estimated count: use 80% of your invite list for planning purposes.
 - Style of service (i.e. buffet, plated). We're happy to talk about the pros and cons of each style of service if you need help with this decision.
 - Any menu specifics you know so far. This can be specific (like a particular menu from this packet) or general (like a vegetarian brunch).
 - If possible, tell us if you plan to provide any hard liquor whatsoever. This will enable us to calculate in the correct bartender ratios and glassware. If you aren't sure, we can base the ballpark on typical wine/beer bartending and bar glassware, and fine-tune later.
 - If possible, provide the exact times we have access to the venue. For almost all wedding venues, this will be a seven to eight hour block of time. If you aren't clear, we can base the ballpark on a typical timeline and fine-tune later.
4. Miraglia event planner sends ballpark or detailed formal estimate for your approval.
5. Private, Custom Tasting – Our tastings are complimentary but due to time and expense, a private tasting is only scheduled once you have received the detailed, formal, written estimate and you are ready to book assuming the tasting meets or exceeds your expectations.
